HEREFORDSHIRE CLUB AND GROUND V ROSS

Saturday, May 30th, was one of the very few fine days of the month, and the match between Ross and the Hereford club, unlike that between Leominster and Hereford, fixed for the previous Thursday, was able to be played. The ground at Widemarsh, where the match was played, was soft, but it did not seem to afford the bowlers so much assistance as might have been expected. It was very sudden, causing the ball to bounce considerably, and that was the reason of the small score made. Ross won the toss, and the captain decided to go in. Wickets fell rapidly, Billington alone of the first eight being able to withstand the attack. When Bellamy and Smith got together, the game underwent a great change. Eight wickets were down for 32, and the two batsmen named succeeded in bringing about a change in the bowling. Warrick and Bowler and Phillips wicket fell, the total score reached 77. Hereford started badly. Thomas and Brown being quickly dismissed, Chapman, Bowler, Ware and Phillips, however, played very carefully, and the score was taken to 73 when the last player went in. Much excitement prevailed, and every run was cheered by the home partisans. The winning run having been obtained, the innings came to an end, Croft being caught at square leg close in. The second innings of Ross was remarkable for the effective bowling of Ware, who was credited with seven wickets, four of them from successive balls. Score:—

CRICKET.

It is impossible for our own staff to obtain the scores of all the chief matches. We look to the secretariat and managers of clubs to supply these, and we shall publish those which seem to us to possess most interest for the public, who may wish to keep printed records of them. The only conditions we make are:-1. The scores and any remarks must be written on only one side of the paper; 2. we exercise our own discretion as to the insertion of the comments; and, 3. the scores must be prepared in proper cricketing form, with the name of the bowler as well as that of the person who makes the catch or "stumps" the batsman. We shall be glad to receive any fixtures to add to our list of matches.

MALVERN COLLEGE AVERAGES.

The Malvernians, during the season just concluded, have greatly distinguished themselves. They have secured decisive victories against Worcester, M.C.C., Rossall, and Repton, and probably at the present time the Gloucestershire and the best public school eleven in the kingdom. Latham and H. K. Foster especially having shown great defensive powers, whilst the former has topped the second century once. He has also obtained another three-figure score. Foster, too, has a century to his name. The averages, considering the strength of the teams that have opposed them, are very high. Mitchell's bowling throughout has been of a high order.

Matches played, 12; won, 9; drawn, 1; lost, 1.
